Days here have been so amazing that would be cherished till the end, be it working for Enfete or campaigning for elections, bunking classes and never getting caught, sharing laughter with super amazing faculties, and many more.

Participation in Enfete even now is something which excites many of us I'm sure. Looking forward for the same.

Thank you.

It will not be an exaggeration if I say this college is like my baby. Being from the initial batch, I have seen it taking birth and growing. It's a proud feeling that a seed sown then in a small pot now has become a full grown tree. It makes us feel so good to see the college excelling with such fabulous students and teacher. All the best.

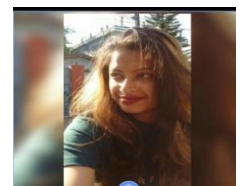

Batch:2000

BANDITA DAS

Life at Lohia was fun, responsibility taking, management and leadership skills were enhanced.

Enfete gave me a lot of occasions to shine in co-curricular activities as well.

A suggestion- Whenever any helpful or interesting seminar is held on any topic, it would be wonderful if we ex-students could also be a part of it.

I really feel proud to be a member of the Lohian Family. There are so many opportunities to develop one's personality and many more. Each of the faculty members helped me with my ups and downs and shaped me into a better, responsible and bliss. Memories of my college days especially enfete are just unforgettable. I thank our college and faculty members for giving us such a wonderful experience. I look forward to keep in touch always while I am away.

NAYNI JAJODIA

It was an honor being a part of this institution. The teachers showed confidence in our ideas and guided us on becoming what we are today. Uncountable memories I have which are to be cherished forever. It's difficult to point out few. I was and will always be proud of calling myself a lohian. Thank you for everything.
